

Registration Priority – Biology Pilot Project

This is the memo that was sent Senate:

Registration Priority – Biology Pilot Project

MOTION: (F. Jacklin/ D. Alexander)

To proceed with Phase Two of the Registration Priority pilot project for 2013/2014 with an increase of the number of reserved seats to 50% of the class total, and to ask the Biology department to submit a report at the end of the year with the understanding that Records will provide the records for all students in the class as well as those on the waitlist so that the department will consider both of these lists when assigning reserved seats.

Motion Carried.
